**BRAND- PRITECH**
PART CODE: PA-DH931

SPECIFICATION:

PA-DH931 hardware decoder is a professional 4K H.265 (HEVC) hardware decoder that brings multiple video streams to HDMI/CVBS/VGA. Without relying on a computer, it decodes any IP streams including HTTP/SRT/RTSP/RTMP/UDP/RTP/UTP, etc, and outputs the video to the display wall in up to 9 grids or free layout, and dynamic switching is supported.

PA-DH931 has high integration and low costs. It can be widely used in various HD video systems. It supports POE power supply, LCD real-time display to ensure uninterrupted video streaming. And also supports an RTMP server for direct connection with encoders.
